With a portfolio of 5,539 units valued at \$1.2 billion, Cardone Capital announces a massive expansion of its portfolio over the next five years.

AVENTURA, FL, USA, August 2, 2019 /EINPresswire.com/ -- [Cardone Capital](#), a real estate investment firm specializing in the multifamily housing sector in Florida, Texas, Alabama, North Carolina, and Georgia, has announced that it has plans for rapid expansions over the next few years. On a mission to identify, acquire and manage income producing properties that provide opportunities for investors to preserve capital investments and collect consistent cash distributions while waiting for future capital appreciation of the assets, the company currently has approximately 2,800 investors.

With its cutting-edge approach to investments, Cardone Capital is making waves in the industry. The company pays its investors monthly, and in July alone paid out \$1.3 million in cash distributions – a figure, which according to founder and CEO Grant Cardone, is consistently on the increase.

“Real estate has always been a passion of mine,” says Cardone. “I’ve enjoyed tremendous success with Cardone Capital over the last few years, but now we’re about to take off even more with our next phase. We offer incredible opportunities for everyday investors who want to get more from their money the easy way, hassle-free, with what I like to call the ‘ultimate wealth creation formula.’”
