

# Healthcare Industries Technology Assessment Now Offered by ITsavvy

*ITsavvy just announced a portfolio of solutions, including a proprietary assessment, targeted to address the specific technology-related issues of healthcare.*

ADDISON, ILL., U.S., August 6, 2019 /EINPresswire.com/ -- [ITsavvy](https://www.itsavvy.com/), one of the fastest growing complete technology solution providers for the healthcare industry, just announced a portfolio of solutions, including a proprietary assessment, targeted to address the specific technology-related issues of healthcare.

ITsavvy President and CEO Mike Theriault said, "We have been serving clients in healthcare industries for nearly two decades. During this time, we have continually added to the depth and breadth of the solutions we provide. We work hand-in-glove with healthcare providers to insure that the technology is customized to meet their current challenges and evolving needs."

ITsavvy offers a Healthcare Assessment to ascertain each healthcare client's current IT challenges across their complete infrastructure.

The assessment matches the best technology for optimal management and care; and maps out executions for plans and programs. The result is a distinctly personalized view of IT operations and a well-defined path for supporting operational efficiency and favorable patient outcomes.

Assessment facets generally include an:

- IT audit to ensure IT systems and equipment are the most efficient and fully up to date
- Analysis of storage structures
- Examination of on-premises and cloud mix
