

# RDI Announces Ultra-Miniature SMT Speaker Series

*15mm x 8mm SMT Speakers Feature Ultra Miniature Profiles*

MOUNT KISCO, NY, USA, August 6, 2019

/EINPresswire.com/ -- Mount Kisco, NY

– AUG 6, 2019 - RDI today announced a

new line of compact, low-profile ultra-

miniature SMT speakers housed in

packages as small as 15 mm x 6 mm.

With profile depths as low as 2.5 mm,

the ultra-miniature SMT speakers offer

a variety of power ratings from 0.1W to 1W and comes with impedances of 4 ohms or 8 ohms.

Available in rectangular, square or round frame packages, the ultra-miniature SMT mount

[speaker](#) series provides a number of mounting styles depending on the user's need. Sound

pressure levels range from 78db up to 102 db at 0.1 meters. All models are RoHS compliant.

Target applications include consumer electronics, industrial automation, voice services, portable

and stationary medical equipment, safety and security, and more. With its numerous

performance and size configurations, the ultra-[miniature speaker](#) series is able to match a wide

range of application requirements.

Available in August 2019, the RDI ultra-miniature [SMT speaker](#) series provides a rugged, low cost

solution to audio applications of all types.
