

Exclusive Networks Expands Into Cloud Network Management With Aerohive Networks Partnership

SAN JOSE, CA, USA, August 7, 2019 /EINPresswire.com/ -- Exclusive Networks NAM, the leading distributor in cyber security and cloud transformation, today announced its U.S. and Canadian partnerships with Aerohive Networks, the leader in cloud-managed networking. The joint goal of this collaborative effort is to expand Exclusive Networks' delivery of services and help customers benefit from Aerohive's unrivalled network offerings, including Cloud-Managed Wireless, Switching, Routing, and Security technologies.

Exclusive Networks NAM, the leading distributor in cyber security and cloud transformation, today announced its U.S. and Canadian partnerships with Aerohive Networks, the leader in cloud-managed networking.

Founded in 2006 and headquartered in Milpitas, CA, Aerohive Networks made its mark in the IT services industry offering networking products that embraced the rise of Cloud Management, Machine Learning and Artificial Intelligence. Known best for pioneering Controller-Less Wi-Fi and Cloud-Managed Networking, Aerohive's latest line-up includes the company's 802.11ax (Wi-Fi 6) Access Points, its cloud-agnostic A3 Network Access Control enterprise-grade solution, and the AI-Driven HiveManager Network Management System. From deployment to licensing to security, as a true innovator in enterprise networking, Aerohive simplifies the complicated tasks IT usually deals with by offering solutions like zero-touch provisioning, subscription-free cloud management, and intuitive PPSK (Private Pre-Shared Key) services.
