The key players covered in this study

DHL Supply Chain
Expeditors
Kuehne + Nagel
XPO Logistics
C.H. Robinson
Ceva
Geodis
UPS Supply Chain Solutions
DB Schenker
Agility Logistics
Panalpina
FedEx SupplyChain
Bolloré Logistics
Penske Logistics
Transplace
OIA Global
Hyundai Glovis

Market segment by Type, the product can be split into

Cloud-Based
On-Premises

Market segment by Application, split into
Large Enterprises(1000+ Users)
Medium-Sized Enterprise(499-1000 Users)
Small Enterprises(1-499 Users)

The study objectives of this report are:

To analyze global Third-Party Logistics Software status, future forecast, growth opportunity, key market and key players.

To present the Third-Party Logistics Software development in North America, Europe, China, Japan, Southeast Asia, India and Central & South America.

To strategically profile the key players and comprehensively analyze their development plan and strategies.

To define, describe and forecast the market by product type, market and key regions.

In this study, the years considered to estimate the market size of Third-Party Logistics Software are as follows:

History Year: 2014-2018

Base Year: 2018

Estimated Year: 2019

Forecast Year 2019 to 2025

The report offers a comprehensive analysis and contains crucial market data. The overview of the Third-Party Logistics Software market comprises its definition, its key applications, and manufacturing technologies that are used. Besides offering a detailed scope of the report, the overview also provides clarity regarding the market. The report emphasizes on the recent innovations and developments occurring in the Third-Party Logistics Software market and also examines the drivers related to the product's price margins. In order to predict the market forecast, factors that are taken into considerations are the performance of the market players, rising trends of the industries, and macro-economic outlook of the market scenario. The report also focuses on other major factors such as drivers & restraints and opportunities & threats.

The report also ensures an objective analysis of the market by enabling a comprehensive view of the Third-Party Logistics Software market and its associated components and by engaging a set of standards. Factors like government expenditure, supply chains, economic growth, and distribution channels are scrutinized in order to relay precise information. Using bottom-up and top-down approaches, market-size validation, and estimation has been performed to gather data from the supply side. Also, analysis of the data has been done using a precise research framework, which is suited to the specific market. This framework works as a research standard, offering tools to create market reports.

Analysis of the Third-Party Logistics Software market is also done on a regional basis. The report offers analysis, considering the ongoing trends, opportunities, and outlook in the regional market. The report also emphasizes on top industry players by offering details like shipments, company profiles, pricing, contact details, product specifications, and others. Detailed information of the top players and strategies adopted by them are also presented in the report for a thorough understanding of the overall market. The report also emphasizes on the ongoing and emerging trends that are occurring within the manufacturing landscape.

Table of Contents

1 Report Overview

2 Global Growth Trends

- 3 Market Share by Key Players
- 4 Breakdown Data by Type and Application
- 5 North America
- 6 Europe
- 7 China
- 8 Japan
- 9 Southeast Asia
- 10 India
- 11 Central & South America
- 12 International Players Profiles
- 13 Market Forecast 2019-2025
- 14 Analyst's Viewpoints/Conclusions
- 15 Appendix
- Continuous...
