

Full Service Digital Marketing Agency Sanook Marketing Helps Residential & Commercial Cleaning Companies Skyrocket Sales

Sanook Marketing uses high powered digital marketing to find valuable new clients.

ARLINGTON, VA, USA, August 7, 2019 /EINPresswire.com/ -- Full service digital marketing agency [Sanook Marketing](#) is pleased to announce that it is successfully helping cleaning companies find high-quality customers

and as a result, dramatically increasing their monthly revenues. Offering the best-in-class digital marketing services and technology solutions, the company focuses on all types of residential and commercial cleaning companies, although it also has vast experience in working with small businesses, E-commerce stores, and franchises in a variety of other industries.

“

People live on Instagram, Facebook, LinkedIn, and Google, so that's where you need to be seen. Advertising on these platforms is vitally important, and that's exactly what we do.”

According to founder and CEO, Ex Pow-anpongkul, Sanook Marketing can help cleaning companies see a tremendous hike in profits by using their services.

“If you'd like your company to make \$500,000 next year or even reach that seven-figure revenue mark, we can certainly make that happen,” says Pow-anpongkul. “My agency serves businesses who don't want to fall behind their competitors and want to push past their plateaus.”

With his experience of the cleaning industry, Pow-anpongkul understands how difficult it can be to find new clients:

“If you're relying on referrals, using 3rd-party job sites like Thumbtack or Home Advisor, or constantly handing out endless amounts of business cards, you're pretty much wasting your time. And if you're looking for commercial clients at networking events, through direct mail, or by joining business directories, there are far better ways to spend your valuable time and money. You're in a highly competitive industry, so you need to establish an online presence. Your business will not survive by word-of-mouth!”

As Pow-anpongkul points out, all of the successful brands that are seen all over the internet are dominating their niches, simply because they are everywhere.

“People live on Instagram, Facebook, LinkedIn, and Google, so that's where you need to be seen. Advertising on these platforms is vitally important, and that's exactly what we do. If your business is in a place where it can handle another ten to fifteen high-ticket, premium clients every month, we can be the solution. Each business is unique so we create a custom-tailored package for your business based on your location, your available resources, and your revenue goals.”

Sanook Marketing offers a variety of services including Search Engine Optimization, paid advertising, social media marketing, content marketing, and website design.

“Just imagine, no more begging for referrals, no more relying on word-of-mouth, and no more going door-to-door or networking,” concludes Pow-anpongkul. “If you’re ready to scale your business, to see more financial success, and to have more time to enjoy your life – the time to start is now. Reach out and let’s chat to see if I can help your business reach your next level of success.”
