

EZPack® Water Ltd. is Launching New Product – the EZPowerPack™

EZPack® is Launching the EZPowerPack™ a solar generator for production, storage and usage of electricity; it serves the off-grid and the backup power markets.

KIBBUTZ SHOMRAT, ISRAEL, August 8, 2019 /EINPresswire.com/ -- EZPack® Water Ltd. is Launching New Product – the EZPowerPack™
EZPack® Water Ltd. – an Israeli company specializes in water and energy is launching a new product – the EZPowerPack™.

The EZPowerPack™ development was initiated by Apollo Power from Israel. EZPack® signed an agreement with Apollo Power for manufacturing and marketing the product. Deliveries starts on Q1/2020.

The EZPowerPack™ is a solar generator for production, storage and usage of electricity. The system serves both the off-grid market and the backup power market.

The EZPowerPack™ offers three different capacities to support different use case between 300Wh up to 1280Wh.

It is compatible with proprietary flexible solar panels produced by Apollo Power.

The EZPowerPack™ is the best solar system there is on the market, featuring:

- Durable – High quality materials and long-lasting batteries.
- Input capability and flexibility – charge at a rate of up to 330w, connect almost any solar panel or all outlet.
- Output capabilities – support couple of appliances at a high consumption rate. Supports rice cooker and refrigerator.

EZPack™
Water Storage & Distribution
