

Global Internet of Things Market Report 2019-2025 by Technology, Future Trends, Opportunities, Top Key Players & more...

A new market study, titled "Global Internet of Things Market Size, Status and Forecast 2019-2025", has been featured on WiseGuyReports.

PUNE, MAHARASTRA, INDIA, August 8, 2019 /EINPresswire.com/ -- [Internet of Things Market](#)

The Internet of Things (IoT) is the network of physical devices, vehicles, home appliances, and other items embedded with electronics, software, sensors, actuators, and connectivity which enables these things to connect and exchange data, creating opportunities for more direct integration of the physical world into computer-based systems, resulting in efficiency improvements, economic benefits, and reduced human exertions. High growth of internet of things is owing to rising internet and smartphone penetration, growing Industrial IoT (IIoT) adoption, coupled with increasing number of smart city projects across various countries.

This report focuses on the global Internet of Things status, future forecast, growth opportunity, key market and key players. The study objectives are to present the Internet of Things development in United States, Europe and China.

The key players covered in this study

Vodafone
Harman
Accenture
Atos
