ZB.com kicked off the month with two events taking place simultaneously on opposite sides of the globe. The first was in Bangkok, Thailand where ZB joined partners such as Dash Thailand, Mintable.app, Beecast, and Asia Blockchain Review for an exclusive meetup. The night was focused on innovation with two project spotlights and exclusive NFTs (ERC-721) minted as gifts for each attendee.

ZB Business Development Director, Jesse, commented "Night's like these are so important. Tonight we learned a lot about Dash's latest features, what Mintable offers creators, and Populi is building for EOS follow-trading."

All are welcome to participate by simply replying to or retweeting ZB’s tweet with a synopsis of your own love story. That could be a story of your high school sweetheart, your significant other, or your most hodl’d cryptocurrency!
