Victims Center*

The Pennsylvania Mesothelioma Victims Center is now offering a free service designed to ensure a person with mesothelioma receives better financial compensation. This new free service documents how, where and when a person with mesothelioma was exposed to asbestos-and the service is very important. "We call this service the 'list' and this information is critical because helps a person with mesothelioma document their various exposures to asbestos. It is the how, when and when

the asbestos exposure took place that becomes the foundation for the mesothelioma compensation claim and it is very big deal. We provide this service for free as we'd like to discuss anytime at 800-714-0303."

For the best possible treatment options in Pennsylvania we strongly recommend the following two health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital.

* Penn's Abramson Cancer Center in Philadelphia:

<https://www.pennmedicine.org/cancer/about>.

* University of Pittsburgh Cancer Institute: <http://www.upmccancercenter.com/>

High risk work groups for exposure to asbestos in Pennsylvania include US Navy Veterans, power plant workers, shipyard workers, oil refinery workers, steel mill workers, coal miners, manufacturing workers, plumbers, electricians, welders, pipefitters, insulators, boiler technicians, auto mechanics, machinists, or construction workers. Typically, the person's exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoiste.com/

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.
