A new market study, titled "Global Configure Price Quote Software Market Size, Status and Forecast 2019-2025", has been featured on WiseGuyReports.

PUNE, MAHARASTRA, INDIA, August 19, 2019 /EINPresswire.com/ -- Configure Price Quote Software Market

Configure, price, quote (CPQ) software is a type of sales enablement software that focuses on generating quotes and managing product configuration requests. CPQ software can be used by salespeople to determine packages and pricing during negotiations with customers, or it can power a self-service customer portal (often for eCommerce operations). Depending on the level of involvement by the salesperson, a CPQ application can be thought of as an automated or guided sales quote generator. CPQ software is especially helpful for sales teams that sell customizable products and services and/or have a complex method to determine pricing.

This report focuses on the global Configure Price Quote Software status, future forecast, growth opportunity, key market and key players. The study objectives are to present the Configure Price Quote Software development in North America, Europe, China, Japan, Southeast Asia, India and Central & South America.
