“

Many entrepreneurs make big mistakes because they don't understand that every organization, and the people in the organization, are affected by power which must be understood and well managed.”

Nicole Toomey Davis, Enclavix President & CEO and VentureWrench co-creator

Enclavix President & CEO and VentureWrench co-creator, Nicole Toomey Davis said, "Many entrepreneurs make big mistakes because they don't understand that every organization, and the people in the organization, are affected by power. And if power is poorly understood, and managed, then the organization and all the people in it will suffer. That's why I say, Power is NOT a 4 Letter Word. My model of the types of power includes 3 different types of power. In the workshop we will learn to understand each type of power and how to use it wisely and to make sure others in your organization use power wisely too."

Members of the Press and growth entrepreneurs are welcome. The Entrepreneurs Growth Meeting is sponsored

by the Kaysville, Utah SBDC and supported by VentureWrench.
