About The Hightower Report

In 1990, Dave Hightower and Terry Roggensack recognized the need for a strong, independent research firm in the commodity and financial futures markets. They started The Hightower Report so that individual investors, as well as commercial producers and end-users, would have access to research that focused specifically on commodities and financial futures yet

independent of any brokerage firm or exchange. Dave & Terry's use of fundamental and technical analysis in conjunction with their deep market experience has enabled them to forge one of the premiere commodity research firms in the industry. The Hightower Report broadcasts comprehensive daily research reports to over 3000 locations in 45 countries worldwide. Learn more by visiting <https://hightowerreport.com>
