BROOKLYN, NY, USA, August 21, 2019 /EINPresswire.com/ -- As the Appliances Connection 2019 Labor Day Sale approaches, we're eager to announce amazing savings on the just-released Bosch 36-inch French door refrigerator (Model Numbers B36CT80SN and B36CL80ENS). This new model from their top-tier 800 Series is rich with features. It's one of the few fridges on the market to have separate compressors and evaporators for the refrigerator and freezer compartments. This makes for ideal cool moist air in the fridge and dry frigid air in the freezer. Eco-Mode uses sensors to adjust internal temperatures so the unit operates as efficiently as possible, contributing to its Energy Star rating. The fridge is also Star K certified and when Sabbath Mode is engaged, opening the various compartment doors will not cause the lights to turn on or automatically activate the compressors.
