ROUND ROCK, TEXAS, UNITED STATES, August 22, 2019 /EINPresswire.com/ -- Inc. magazine last week revealed that Simply NUC is No. 234 on its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"We have a vision of a mini computer at every endpoint in the world and I am very proud of all the hard work my team has put in to make us the fourth fastest growing computer hardware company in the country," said Aaron Rowsell, CEO, "we are both excited and humbled to be so high up on such a prestigious list."

Not only have the companies on the 2019 Inc. 5000 been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists. The Inc. 5000's aggregate revenue was \$237.7 billion in 2018, accounting for over 1.2 million jobs over the past three years. Simply NUC outpaced the
