

# Beauty Drinks Market 2019 Global Trends, Share, Growth, Analysis, Opportunities and Forecast To 2026

---

PUNE, MAHARASHTRA, INDIA, August 23, 2019 /EINPresswire.com/ -- Summary:

A new market study, titled "Discover Global [Beauty Drinks Market](#) Upcoming Trends, Growth Drivers and Challenges" has been featured on WiseGuyReports.

## Introduction

### Global Beauty Drinks Market

Beauty drinks are loaded with supplements that supply body with desired nutrients and are better in many ways than the normal foods. The various blends extracted from natural sources that can be found in beauty drinks help in the recovering of human skin. The global beauty drinks market is expected to capitalize on these features and build a momentum for itself in the coming years.

The beauty drinks market is expected to gain substantially from the impacts of changing lifestyle, adverse effects of pollution & eating disorder, and others. Due to increase in the per capita income, people are now quite free to experiment with these new products, which is also expected to provide the beauty drinks market with a much-needed impetus.

## Key Players of Global Beauty Drinks Market =>

Several companies are making a mark in this beauty drinks market. They are Bella Berry, Beauty & GO, Skinade, Sappe Public Company Limited, Shiseido Co Ltd. THE COCA-COLA COMPANY and Nestle S.A., Big Quark LLC, Vital Protiens LLC, DyDo DRIN CO, and others.

## Segmentation:

The global beauty drinks market can be segmented and analyzed on the basis of ingredients. Based on that the market can be further segmented into collagen, antioxidants, bioactive ingredients, vitamins and minerals. Such a detailed segmental analysis hopes to get close to various market factors that can be of great importance in the coming years.

Collagen made beauty drinks provide structural protein, which has the ability to make the look younger, even after long exposure in the sun and other environmental pollutions. Products made from this composition protects skin from early aging and widens the boundary for beauty drinks products.

Antioxidants create a shield to protect body cells from environmental factors like pollution and

smoke. Also, it helps in recovering fast. That is why such products are also gaining high traction from the market.

#### Regional Analysis:

North America, Europe, Asia Pacific (APAC), South America, and the Middle East and Africa (MEA) are regions that have been mentioned in the global beauty drinks market for a better demographic analysis. The process is also an attempt to point out various growth pockets which can be later explored for better gains.

Europe is doing good and holds a substantial amount of the global market share. The region has a lot of prominent market players and people are also quite aware of the benefits of these drinks. The elderly population is well-aware of the benefits of such drinks; hence, they drive a considerable demand for the global market. The region also spends a hefty amount for various research and development projects.

North America is also doing good substantially. The region has similar features like that of Europe and is capable of investing substantial amount of money to avail these products. The presence of a country like the U.S. and Canada are expected to play good for the regional market's progress. The APAC countries have received these products well and in countries like China and India, due to massive population pool, the market can have a great run in the coming years.
