About Austin TX Financial Freedom Seminar:

Designed for entrepreneurs who are either starting a new business or growing an existing one, the "Start, Run & Grow Your Business" online course will take students through the process of conceiving, creating, managing, and growing their own business. The course covers the key elements to starting and running a successful business. The goal is to provide a solid background with practical application of important concepts for anybody starting or running a business, regardless of educational background.

Finance, accounting, marketing and management issues will be addressed from an entrepreneurial perspective.

Each student will have the option to create his or her own business plan in their LivePlan account and issue the instructor a guest pass to their Live Plan Account so the Instructor can see and comment on their individual plan in private.

Acquchat.com is a Live Plan Strategic Advisor. LivePlan has taken a step by step approach to make the process of creating financial records and projections as simplistic as possible. LivePlan is the only tool that helps entrepreneurs track their progress with a unique dashboard specifically designed for small business., "Start, Run & Grow Your Business" course created by Tim Berry, the curriculum author, gives instructors, strategic advisors, the right to share, remix and make commercial use of the slide decks.
