Made for Success Publishing launched a specialized campaign for *The Success Lie*. The book launch campaign initiated by Made for Success Publishing emailed 140,000 individuals who have expressed interest in business books. The results for *The Success Lie* were staggering. In the first seven days of the campaign, 1,245 units of the e-book were sold and the book hit the coveted #1 Amazon bestseller category. The book reached number four on the Personal Success category just behind Steven Covey's legendary, *The 7 Habits of Highly Successful People* and Tim Ferris' *Tribe of Mentors*.

The results as seen for *The Success Lie* have been astounding. The marketing campaigns that Made for Success Publishing launches are targeted and strategic that bring bestselling results for its authors. Even now since the marketing campaign concluded, *The Success Lie* continues to see residual sales and continues to rank high on Amazon. It has also reached #14 bestseller list on iTunes in the Self Improvement category.
