

Ayur Mandala brings 5,000-year-old healing secrets to life

Biggest Ayurveda center in the UAE

DUBAI, UNITED ARAB EMIRATES, August 25, 2019 /EINPresswire.com/ --

[Ayurveda](#) can be considered a real blessing in our world of physical, mental and emotional disturbance. Authentic, pure and unadulterated ayurvedic treatments, they are a replica of ancient Indian remedies. As the largest Ayurvedic centre in [Dubai](#), [Ayur Mandala](#) is a haven of healing where you can relax, rejuvenate, restore, refresh and give your body and mind the balance they deserve as treatments are customized too.

So, what exactly is Ayurveda? Quite simply, it is an herbal and natural healthcare system that taps into the healing powers of exotic herbs, oils, diet and massage therapies. Unlike other treatments, Ayur Mandala takes a holistic and 'integrated' healthcare approach. This in effect means focusing on the whole person – physical, emotional and spiritual. This approach helps to establish balance and revitalise the body at a deeper level. Interestingly, Ayur Mandala believes that the human body has the innate ability to heal itself and ayurveda helps that process.

Dr Jayalakshmi, Dubai Health Authority licensed Ayurveda Practitioner, (Medical Director of Ayur Mandala) was quick to explain "Contrary to other systems we take a preventative approach to healing, addressing the root cause of the problems and not just the symptoms. Ayurveda is also known to be the most effective system to detoxify the body. What's more, we treat very patient on a one-to-one basis because everybody is different. In addition, all our treatments are individualised and completely safe."

The Centre has a range of exciting treatments. Prominent among them is Pancha Karma which not only detoxifies the body but rejuvenates it too by strengthening the immune system and restores balance. Other customers prefer Shirodhara, the full body massage treatment with warm herb-infused oils poured in a continuous stream on the forehead.

For the more adventurous there's Nasyam. This procedure involves purifying the nasal passages by pouring medicated oils into the nostrils. The results will surprise you! Or you might fancy the Mukahalepanam (if you can pronounce the name) skin protection therapy. It's ok if you don't because the amazing facial results is all that matters. There's an extensive menu of treatments and affordable packages too. Come and talk to us.
