The key players:

Himalya Herbals
Ganga Pharmaceuticals
Patanjali
Hamdard

Segmental Analysis:

As the population is increasing, it is raising awareness about AYUSH medicines. It also increases

the mainstream medicine's side-effects, furthermore it increases the conventional health care costs and government support that help in driving the industry. Today India falls in the category of the top exporter of alternative medicines in all over the world. Its major export destinations are the US and European countries such as France and Germany.

The study demonstrates the factors that help in driving the consumer preference for AYUSH and alternative medicine is raising awareness of its benefits. It also shares factors like the increase in cognizance about allopathy's ill-effects, increases in disposable income, and easy availability. The report highlights the key challenges faced by manufacturers. It includes lacking R&D for high yielding types, irregular raw material supply, the non-standardized procedure for manufacturing Ayurvedic products, and safety regulations. People are getting aware of the benefits of natural ingredients in health as well as personal care products in the U.S., Singapore, Australia, Japan, and Canada.

Regional Analysis :

The global AYUSH and Alternative Medicine market report state that the Asia-Pacific can overtake more shares in the market in the coming years. Most importantly in China, it is growing rapidly, apart from that, it is also increasing fastly in India as well as Southeast regions of Asia. Still, we cannot ignore the fact that North America, especially The United States is playing a crucial role in medicine industrial market. Whenever there is a change from the United States, it may affect the AYUSH and Alternative Medicine development trend.
