

# Kansas US Navy Veterans Mesothelioma Advocate Has Endorsed the Law Firm of Karst von Oiste to Assist A Navy Veteran with Mesothelioma in Kansas and They Offer Direct Access to Erik Karst for a Better Compensation Result

WICHITA, KANSAS, USA, September 27, 2019 /EINPresswire.com/ -- The Kansas US Navy Veterans Mesothelioma Advocate is saying, "We are appealing to a Navy Veteran with mesothelioma anywhere in Kansas or their family members to call us anytime at 800-714-0303 to briefly discuss the compensation process for this rare cancer. At the same time we would like to provide the Navy Veteran with mesothelioma and or their family with direct access to attorney Erik Karst of the law firm of Karst von Oiste.

"Attorney Erik Karst and his colleagues are responsible for over a billion dollars in mesothelioma and asbestos exposure compensation and Erik shares our passion about making certain a Navy Veteran with mesothelioma receives the best possible financial compensation results. Attorney Erik Karst is a much better option than a local car accident lawyer or an Internet-'free' book about mesothelioma as we would like to discuss anytime at 800-714-0303."

“

"Before a Navy Veteran with mesothelioma hires a lawyer or law firm to assist with a mesothelioma compensation claim please call us anytime at 800-714-0303."

*Kansas US Navy Veterans  
Mesothelioma Advocate*

The Kansas US Navy Veterans Mesothelioma Advocate fears that most Navy Veterans with mesothelioma never get properly compensated, they fear the lawyers they hired never tried to get the Veteran VA disability payments and rather than protect the family-the lawyers they hired made little to no effort to guide the family so that there would be a family left after their Navy Veteran husband or dad passed away because of mesothelioma. "Before a Navy Veteran with mesothelioma hires a lawyer or law firm to assist with a mesothelioma compensation claim please call

us anytime at 800-714-0303. We want to help and our services are free to a Navy Veteran in Kansas and nationwide."

For the best possible mesothelioma treatment options in Kansas the Kansas US Navy Veterans Mesothelioma Advocate strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital.

\* Cancer Center of Kansas Wichita, Kansas:

<https://www.cancercenterofkansas.com/>

\* The VA-For a state by state listing of VA Medical Centers nationwide please visit their website:

<https://www.va.gov/directory/guide/FindLocations.cfm>.

Every US Navy ship vessel built up to 1980 contained asbestos. Extreme exposure to asbestos may have occurred to US Navy Veterans if they were assigned to a navy ship's engine room, as a machinists mate, electrician, plumber/pipefitter, mechanic, in engineering, as a repair crew member, as a crew member on a nuclear submarine or as a member of the Navy Seabees. Additionally, a US Navy Veteran could have received extreme exposure to asbestos if they were required to stay on their ship or submarine for a major repair, overhaul or retrofit at a shipyard.

About one third of all US citizens diagnosed with mesothelioma each year are Veterans of the US

Navy. Before a Navy Veteran with mesothelioma or their family retain the services of a lawyer or law firm they are urged to call the US Navy Veterans Mesothelioma Advocate anytime at 800-714-0303. <https://USNavyMesothelioma.Com>

The states with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. [www.karstvonoste.com/](http://www.karstvonoste.com/)

For a listing of various classes of US Navy ships or submarines please visit the US Navy website on this topic: [https://www.navy.mil/navydata/our\\_ships.asp](https://www.navy.mil/navydata/our_ships.asp).

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>.
