---

CHICAGO, IL, UNITED STATES, September 3, 2019 /EINPresswire.com/ -- [The Missouri Bar](#) has added [SimpleLaw](#), a case and practice management software provider that empowers attorneys to spend more time practicing law, as a new Member Benefit.

SimpleLaw and The Missouri Bar share the goal of “pursuing that call to action” to transform the legal profession, as Ray Williams, 2018-19 president of The Missouri Bar, stated in the bar’s Annual Report: 2018-2019. SimpleLaw believes case and practice management software is a primary vehicle for that transformation because it eliminates redundant processes, drives efficiency and is easy to use.

“We’re thrilled to partner with The Missouri Bar in our effort to transform the legal profession. SimpleLaw is an accessible, intuitive, cloud-based platform that all attorneys, be they new to legal tech or tech veterans, can utilize,” said Praveen Medikundam, Esq., co-founder of SimpleLaw and an active attorney. “Bar organizations are essential to the legal profession’s transformation and growth. Working with The Missouri Bar, we are confident Missouri lawyers will soon see the benefit of one platform to connect with potential and existing clients, paralegal professionals, and other attorneys.”

“This new member benefit is another great addition to our ongoing commitment to help Missouri lawyers do an even better job for their clients through our education, business and practice management services and resources,” said Williams.
