“We are excited to continue our sponsorship of Homes For Our Troops on a much larger scale as one of the organizations Regional Partners,” states Peter Hirsch, co-

founder of Patriot Coolers. “When my son Paul and I first started the company, we were determined to create positive change in the lives of fellow Americans and have committed 20% of the net proceeds from our outdoor lifestyle brand, Patriot Coolers, drinkware, and cooler sales, since the companies opening in 2017. In our hearts and minds, it’s the least that we can do for the heroes who have given so much for this great country.”

“This generous donation from Patriot Coolers will significantly enhance our ability to assist more Veterans and their families nationwide,” states Bill Ivey, Executive Director of HFOT. “We are incredibly grateful to the company and its team for their generosity and their commitment to making a difference in the lives of these brave men and women.”

About Homes For Our Troops (HFOT)

Homes For Our Troops (HFOT) is a publicly funded 501(c) (3) nonprofit organization that builds and donates specially adapted custom homes nationwide to severely injured post-9/11 Veterans. Most of these Veterans have sustained life-altering injuries including multiple limb amputations, partial or full paralysis, and/or severe traumatic brain injury (TBI). These homes restore some of the freedom and independence our Veterans sacrificed while defending our country, and enable them to focus on their family, recovery, and rebuilding their lives. HFOT builds these homes where the Veteran chooses to live and continues its relationship with the Veterans after home delivery to assist them with rebuilding their lives. Since its inception in 2004, nearly 90 cents of every dollar spent has gone directly to our program services supporting Veterans. For more information, visit www.hfotusa.org.
