Emergence of retro feeling is a major trend being witnessed in the global Garden and Conservatory furniture market. Consumers are shifting their preferences back to crochet, natural, and woven styles, which add texture to all kinds of spaces.. Use of wood, and other natural materials such as teak and rattan, have gained increased momentum for producing Garden and Conservatory furniture. Eco-friendly is becoming the integral part of mainstream Garden and Conservatory furniture. Effects of toxic finishes, negative impacts of deforestation, and environmental concerns have compelled manufacturers in adopting green solutions. Some manufacturers of Garden and Conservatory furniture have already commenced implementing strategies for green manufacturing processes. For example, IKEA has started operating up to 30 windmills in Härjedalen, Sweden, to place itself as an independent energy manufacturing company.
