

RDI Locking DC Power Cables

Deliver High Performance and Noise Immunity

MOUNT KISCO, NY, USA, September 10, 2019 /EINPresswire.com/ -- RDI today announced the introduction of its [LZSB Series](#) of premium Locking DC Power Cables. These DC power cables deliver high quality materials and performance featuring high noise immunity coaxial shielding, molded flexure relief and high resistance to harsh environments.

The LZSB Series is available in Plug-Plug, Jack-Jack, Plug-Jack and includes straight-through and right-angle configurations. Available in a variety of colors, lengths and termination

options, the LZSB Series come standard with Plug-Plug 5.5mm O.D and 2.1mm I.D barrel connectors providing an ideal power coupling and distribution solution for Industrial, IT, Appliance, Consumer, Medical and Automotive markets.

Offering high contact reliability, long mechanical life, low contact resistance, high current and coaxial shielding the LZSB Series of DC locking power cables provide a secure, noise immune and cost-effective solution for your power coupling and distribution requirements.

The LZSB Series Locking DC Power Cables are available beginning September 2019.
