The Advocate says, "If a Navy Veteran with mesothelioma in Nebraska or their family would call us at 800-714-0303 rather than sending them a 'free' book about mesothelioma we will make certain they are talking directly with attorney Erik Karst of the law firm of Karst von Oiste. Erik and his colleagues have been assisting Navy Veterans with mesothelioma for decades, they are responsible for over a billion dollars in compensation for mesothelioma or asbestos exposure illnesses, and they take extremely good care of their clients.

"Frequently by the time a Navy Veteran with mesothelioma is diagnosed they are extremely ill. In this circumstance we will travel to visit the Navy Veteran in their home, and we will bring a lawyer from Karst von Oiste to assist and gather vital information. Vital information includes how, where and when a Navy Veteran with mesothelioma was exposed to asbestos. It is this incredibly important information that becomes the foundation for a mesothelioma compensation claim and it is vital as we would like to explain at 800-714-0303."
