

Massive, Visually Stunning March of Silence for Animals Hits Los Angeles Thursday at 4:30 pm in DTLA's Grand Park!

At 4:30pm, hundreds of animal lovers march from Grand Park, their mouths taped over to illustrate the silent suffering of billions of cows, pigs and chickens!

MARINA DEL REY, CA, UNITED STATES, September 12, 2019 / EINPresswire.com/ -- The March of Silence has become a global phenomenon! As the animal rights/vegan movement explodes across the world, animal lovers and environmentalists are gathering, by the hundreds, in downtown LA's Grand Park at 3:30 pm Pacific time on Thursday, September 12th!

March of Silence participants gather to show solidarity with suffering factory farm animals!

At 4:30, they will present a manifesto to Los Angeles city officials.

At 4:45pm, hundreds will march from Grand Park to Los Angeles City Hall, with their mouths taped shut! They will encircle city hall in a visually compelling demonstration!

“

Come to the March of Silence. Experience it. Think about your food choices and the suffering you cause when you eat an animal. Resolve to make kinder choices for yourself, animals and the planet.”

Anonymous participant in the March of Silence

Their silence is to symbolize the silent suffering of billions of farm animals trapped in the industrialized torture of modern day animal agriculture, which is also a leading cause of climate change.

Check out this video on instagram of the last march. This march is going to be even bigger!

This event will continue through Friday, Saturday and Sunday... with major speakers including Moby. There will be food trucks and celebrations to showcase another way of living that is gentler on the animals and the climate.

This event is all the more significant because of the ongoing crisis in the Amazon where fires, set by cattle ranchers seeking more grazing land, are destroying the lungs of the earth! Animal agriculture is the leading cause of habitat destruction, wildlife extinction and human world hunger, because animals eat so much more than they produce as food.

The logo is circular with a pig's face in the center. The pig has a green bandage over its mouth. The text "MARCH OF SILENCE" is written in a semi-circle above the pig's head. Below the pig's head, the text "HUMAN RIGHTS" is on the left and "ANIMAL LIBERATION" is on the right. At the bottom of the circle, it says "OUR PLANET". The Roman numerals "IX" and "XII" are also visible on either side of the pig's face.

Here are just some of the events happening over 4 days in DTLA for March of Silence!

Hundreds will march with their mouths taped shut because animals tortured in the name of food cannot ask for help!
