

The SafeCare Group Granted Trademark for SafeCare AI

Accelerating the AI Revolution in Healthcare

LEXINGTON, KENTUCKY, USA,
September 16, 2019 /
EINPresswire.com/ -- The SafeCare Group® successfully protected its intellectual property rights by formally applying for and receiving Registered Trademark Status for its artificial intelligence healthcare software [SafeCare AI®](#).

Known as [Intelligent Healthcare™](#) SafeCare AI Suite fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges. The software leverage machine learning and deep-learning capabilities to improve readmissions, medical errors, infections, cost, and utilization.

SafeCare AI offers predictive insights to aid proactive real-time decision support and target opportunities of care to:

- Predict Sepsis Progression
- Reduce Redundant Care
- Prevent Hospital Infections
- Cut Avoidable Readmissions
- Reduce Inpatient Mortality
- Improve Medication Safety
- Lower Hospital Charges

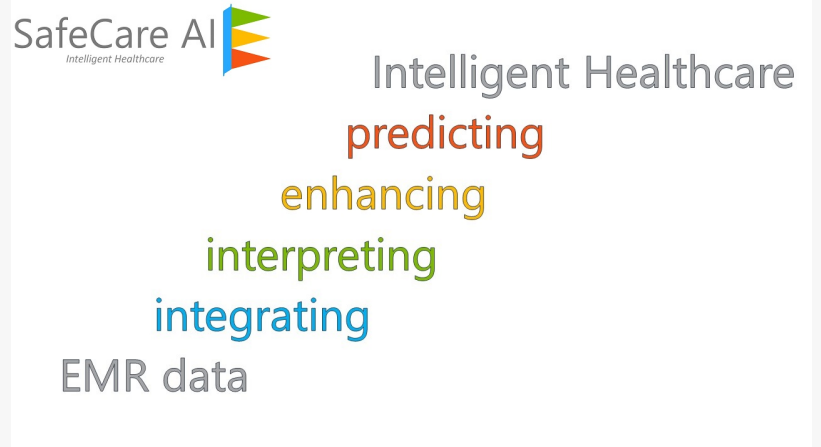

The SafeCare Group is committed to accelerate the AI revolution in healthcare,"
*Yisrael Safeek, MD, MBA,
Chairman and CEO*

"At The SafeCare Group, ours is a commitment to accelerate the AI revolution in healthcare," stated Yisrael Safeek, MD, MBA, Chairman and CEO of The SafeCare Group.

Commenting on the company's recent registered trademark status: "We feel our company's hard-earned reputation is something worth protecting and wanted to

prevent any confusion in the marketplace. To help protect the value of the designation in the marketplace, The SafeCare Group applied for and recently received registered trademark status
