Trends In The Synthetic Rubber And Fibers Market

Increased demand for lightweight and fuel-efficient materials or advanced composite materials is increasing the need for synthetic fibers. Synthetic fibers made from polymer aromatic polyamide are mainly of two types, para aramid and meta aramid. Aramids, UHME polyethylene, and POA are the major types of specialty synthetic fibers. Marine, medical, sporting goods, pressure vessel, and reinforcement materials industries are the significant applications for the specialty synthetic fiber market and growth in these markets is driving the fibers market.

## Potential Opportunities In The Synthetic Rubber And Fibers Market

With rapid growth of the automotive industry, especially in the Asia-Pacific and the Middle East & Africa region, the scope and potential for the global synthetic rubber and fibers market is expected to significantly rise in the forecast period.

Major players in the global synthetic rubber and fibers market include DOW, Owens Corning, KUMHO Petrochemical, Teijin, TSRC Corporation.

Synthetic Rubber And Fibers Global Market Report 2019 is one of a series of new reports from The Business Research Company that provides synthetic rubber and fibers market overviews, analyzes and forecasts synthetic rubber and fibers market size and growth for the global synthetic rubber and fibers market, synthetic rubber and fibers market share, synthetic rubber and fibers market players, synthetic rubber and fibers market size, synthetic rubber and fibers market segments and geographies, synthetic rubber and fibers market trends, synthetic rubber and fibers market drivers and synthetic rubber and fibers market restraints, synthetic rubber and fibers market's leading competitors' revenues, profiles and market shares. The synthetic rubber and fibers market report identifies top countries and segments for opportunities and strategies based on market trends and leading competitors' approaches.

### Where To Learn More

Read Synthetic Rubber And Fibers Global Market Report 2019 from The Business Research Company for information on the following:

Markets Covered: global synthetic rubber and fibers market

Data Segmentations: synthetic rubber and fibers market size, global and by country; historic and forecast size, and growth rates for the world, 7 regions and 12 countries

Synthetic Rubber And Fibers Market Organizations Covered: DOW, Owens Corning, KUMHO Petrochemical, Teijin, TSRC Corporation.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Time Series: Five years historic (2014-18) and forecast (2018-22).

Other Information And Analyses: PESTEL analysis, synthetic rubber and fibers market customer information, synthetic rubber and fibers market product/service analysis – product examples, synthetic rubber and fibers market trends and opportunities, drivers and restraints, key mergers and acquisitions, key metrics covered: number of enterprises, number of employees, global synthetic rubber and fibers market in 2019 - countries offering most new opportunities  
Sourcing and Referencing: Data and analysis throughout the report are sourced using end notes.

Strategies For Participants In The Synthetic Rubber And Fibers Industry: The report explains a number of strategies for companies in the synthetic rubber and fibers market, based on industry trends and company analysis.

Opportunities For Companies In The Synthetic Rubber And Fibers Sector: The report reveals where the global synthetic rubber and fibers industry will put on most \$ sales up to 2022.
