

# AgriCensus and Energy Census joins the award-winning ZE PowerGroup's Data Ecosystem

*ZEMA will now provide even more unique, benchmark prices and a vastly expanded range of agriculture and energy market data with Census Commodity Data*

VANCOUVER, BRITISH COLUMBIA, CANADA, September 24, 2019 /EINPresswire.com/ -- [ZE](#) PowerGroup Inc. ("ZE"), is pleased to announce that [AgriCensus](#) and Energy Census, are now available in the ever-growing Data Ecosystem of market data managed by [ZEMA](#)™, the multi-award-winning data automation and analytics platform that provides unmatched data management, transformation, and integration solutions.

The addition of AgriCensus and Energy Census significantly increases the scope of data available for rapid deployment in ZE's vast Data Ecosystem of over 10,000 data reports from over 900 data sources.

"We greatly value our data partnership with market leaders AgriCensus and Energy Census which provide market-moving news, tender, export, production forecast data, benchmark prices, and physical spot price assessments", said Aiman El-Ramly, ZE Chief Operations Officer. ZEMA users will now have increased access to better understand and analyze market conditions with the addition of over 600 daily price assessments for the agriculture and energy sectors respectively from these two excellent data providers."

"As one of the leading platforms in its field, we are delighted to be partnering with ZE and join its Data Ecosystem. This additional distribution channel and associated exposure will accelerate the adoption and usage of Census Market Data, whilst providing superior coverage and choice to ZE's clients", Tim Worledge, Global Editorial Director

ZE continues to add to its industry-leading Data Ecosystem with the addition of AgriCensus and Energy Census, coming directly after ZE won all 6 Categories in the Data Management EnergyRisk Commodity and Software Rankings 2019 for its ZEMA Software.

Data. We Get It.

Bringing focus to agricultural market news and price reporting
