

MevoFit Launches 'Run' A Premium, Lifestyle & Fitness Smartband Packed with Advanced Health & Fitness Features!

NEW DELHI, NEW DELHI, INDIA, September 20, 2019 / EINPresswire.com/ -- [MevoFit](#), a leading wearable fitness and health tracker brand launched its next generation fitness and lifestyle Smart band, [MevoFit Drive Run GPS Running Fitness Band & Smart Watch](#). MevoFit Run delivers a new-precision-crafted NORDIC 52832 chip that offers an even more advanced, accurate & stable monitoring of data to elevate every moment and create more benefits for the user to utilize. For the next level convenience the MevoFit Run debuts and is made of high quality TPU, a deep insert design, which effectively prevents it from falling off.

The added convenience and smart features to amplify the users' day include tracking workouts, runs, walks and other activities without the users' phone being present. Which means that the user will be carrying less things in their pocket, and enjoy their exercises without worrying about their phones falling out.

Speaking at the launch of the new generation of fitness band, Ms. Khyati Mahajan, Founder and CEO - MevoFit said, "The MevoFit Run is the MevoFit's first fitness band that comes with inbuilt GPS tracker. It was created to provide a universal product for all the needs of fitness enthusiasts. The band adds value to the fitness regime of the enthusiasts by offering various sport modes: walking, running, tennis, cycling and skiing among others. Each of these modes share the same advanced features to measure and store user data besides also offering hands free smartphone notification
