

# QINETIQ announced to sponsor and exhibit at Future Armoured Vehicles Survivability 2019

*Smi reports: QINETIQ announced to sponsor & exhibit at the 5th annual Future Armoured Vehicles Survivability taking place in London this November*

LONDON, UNITED KINGDOM, September 24, 2019 / EINPresswire.com/ -- With 7 weeks to go until [Future Armoured Vehicles Survivability 2019 commences on 12th-14th November](#) in London, SMI is delighted to announce QINETIQ as a new brand sponsor. QINETIQ will be exhibiting amongst an array of industry leaders at the three-day event, including: ABBS, C.E.S. Advanced Composites, Collins Aerospace, General Dynamics European Land Systems, KME, Leonardo, NP Aerospace, Pearson Engineering, QINETIQ, RADA, Rheinmetall Protection systems GMBH and TriCIS. With over 70 years of experience, QINETIQ aims to provide technological and scientific solutions to provide support on different industries such as Land & Critical Infrastructure, Air, Maritime, C4ISR, Cyber & Digital Resilience, Space, Weapons and much more.

The poster features a silhouette of an armoured vehicle and personnel against a sunset background. Text includes: 'SMi presents the 5th annual... FUTURE ARMOURD VEHICLES SURVIVABILITY 12th-14th November 2019 Maximising Armoured Vehicle Protection Through Enhanced Platform and System Survivability'. A red circular callout says 'Don't miss the Pre-conference Active Protection Systems Focus Day on 12th November 2019!'. Testimonials from UK MoD and Dynamit Nobel Defence are included, along with the website [www.favsurvivability.com](http://www.favsurvivability.com).

As the only event of its kind, this year's conference will provide updates regarding the following platforms: Challenger II, AJAX, Stryker, T-72 Romanian MBT, Merkava, Eitan, Boxer, CV90 and the Piranha 8X8. Additionally, the event will provide insight into the latest technologies enhancing Armour, Situational Awareness, Concealment, Signature Management, IED Protection Systems, CBRN, Mine Resistance, Armour material technologies, Stealth, Active Protection Systems and many more.

The three-day event will also include a [pre-conference Active Protection Systems focus day which will take place on](#) the 12th November 2019. The focus day will provide detailed and exclusive insight into how leading nations are integrating APS into their existing vehicle fleets.

Leading technical experts and militaries from the most forward-thinking nations will cover the latest hard/soft kill systems, sensors, data processing, munitions and countermeasures, architecture service strategies and capability concerns, technology demonstrations, systems testing and trialling and more.

With 9+ hours of networking at the three-day event, 35+ military and industry expert speakers,

and 200+ leading military & industry organisations expected to attend from around the world. The 2019 conference will be a great opportunity to build strategic partnerships and secure future collaborations.

For those who are interested in attending, there's an early bird discount of £100 on bookings made by 30th September 2019. Register at [www.favsurvivability.com/EINPR6](http://www.favsurvivability.com/EINPR6)
