Along Gina's personal journey, she's tasted sweet success and has eaten her share of humble pie. She experienced years as a successful consultant, earning upwards of \$250 an hour to times where she struggled to find temp work at

\$12 an hour. Gina went from elite social club memberships to having to borrow money from family and friends just to make ends meet and support her daughter. This story could've ended tragically. But Gina chose to drive forward and credits the help of many others in her success.

Overqualified for many of the jobs for which she applied, a recruiter that she worked with completely revamped her resume by simplifying it to present her as a more qualified candidate. Eventually, Gina landed a job, dug herself out of a financial hole and got back on her feet. With the foundation of Wonder Woman CEO, she's here to affirm to women at all stages of life, that they're unstoppable and can overcome any obstacle in their way.

With a global reach, Gina works with groups and individuals in person, by video conferencing and by phone. She incorporates a blend of techniques into her sessional work and online programs that include hypnotherapy and neuroscientific modalities. Perhaps most important, Gina brings a refreshingly honest and direct approach to her clients to find out what her clients want and what they need to get there.

"I have the ability to help women change core beliefs that get in the way of success. I help them go deep inside themselves so they can remove obstacles and achieve big goals and dreams. You only can take somebody as deep as you have gone yourself. I'm able to take women from a healing perspective deeper than most. When you do that, that's when the transformation happens," exclaims Soleil.

"The women I work with are what I call Emerging Corporate Warriors and Maverick Entrepreneurs. They know they're here for something big, to make an impact on the world. When they're ready, I'm here to help them live that mission and experience their big breakthrough. Remember to breathe, Wonder Woman. You got this."
