“

My Company has been
using Hosted in Canada for
10 years+ now. I am a
difficult client as I always
have issues and am not very
tech savvy. Dean and
company have always been
there for me ...”

Terry Ciotka

- 24/7 Access
- Multiple Carriers
- Precision Controlled Environment
- 100% Uptime Guarantee on power and Internet
- Super Secure and Reliable
- Fire Suppression Systems

Canadian web hosting leader

Colo Calgary

They offer a complete mix of setups, including 1U, 2U, 4U or any U shared HSE "High-Security Environment" with secure 24x7x365 hands-on support. If you need something bigger, like a 1/4 rack, 1/2 rack, full rack or even a suite, they have you covered. Here is a quick list of reasons to put HostedinCanada.com in your list of companies to talk to when considering any data center services:

- Redundant Power Supply
- Robust IP Backbone
- 1U, 2U or 4U Space Available
- Plus full & half-rack options

- Custom Suite Options
- Full UPS and HVAC Redundancy
- and more...

They guarantee 100% uptime on Power and Internet, with cooling built to at least N+1 redundancy with 24/7 continuous monitoring of all critical systems. We back that with fire detection and suppression systems throughout the data center.

Looking for a shared rack and on a budget, HostedinCanada.com has a solution for you. With their Shared Rack HSE Program, they offer the best of both worlds. A cost-effective shared rack with 24x7 onsite escorted visit's when YOU need access, plus if you ever need that reboot they have people on-site 24x7. Feel 100% secure knowing that even in a shared environment, your server and data is watched carefully.

Private Data Center Suite

Are you looking for that next level of Data Center quality and control? Our Suites provide organizations an extremely private and secure collocation/data center solution. We offer private suite collocation options at an affordable price with an exceptional environment.

For clients seeking greater privacy, these highly secure collocation environments give you what you need. Private rooms within our Calgary Data Center facilities and can be custom-tailored to your exact requirements.

Terry C says: My Company has been using Hosted in Canada for 10 years+ now. I am a difficult client as I always have issues and am not very tech savvy. Dean and company have always been there for me day and night and always come through for me. They built me a beautiful website and their tech support is nothing short of fantastic!!! I very highly recommend them for all your needs and I am very very happy with them!
