As the Owner and Operators of Meadowcrest, Vantage Point is a regional and family-owned senior living organization born out of a passion and enthusiasm for creating lifestyle communities that give area seniors the most extraordinary retirement living experience possible with the full continuum of care at their fingertips.

Scheduled to open in 2021, Meadowcrest will boast 63 luxury independent living, 53 assisted living, and 16 memory care apartments. Meadowcrest will provide an incredible array of services and amenities, all in a monthly rental concept that allows seniors complete financial flexibility and the freedom to keep control of the assets they worked for their whole lives...and keep for themselves the interest from their own investments.

Located on ten acres on Middletown-Odessa Road, Meadowcrest will be less than a mile from Christiana Care Emergency Center and many other healthcare services...and with incentives like 10% off independent living rent for life, early depositors have already started submitting their 100% refundable deposit for a chance to be one of the residents.

Meadowcrest will have a variety of floor plans to suit every style and budget. From spacious studios to one and two-bedroom apartments - most with patios and balconies - apartments range in size from 500-1,200 sq.ft. Every independent living apartment will feature a large kitchen with full-size stainless-steel appliances (refrigerator, stove, dishwasher, microwave) granite countertops and a washer and dryer in each apartment.

For active seniors who want to spend more time actually enjoying their independence instead of on household chores and home maintenance, Meadowcrest offers all the independent living services and amenities typically found in an entrance-fee community but without the large

upfront cost.

Also available to residents will be full-service dining in a high-quality restaurant, casual bistro, state-of-the art fitness center, on-site physical, occupational & speech therapy, an array of fitness and exercise programs, a full-size movie theater, and full-service salon and spa. Additional services to be provided will be weekly housekeeping, linen service, 24/7 security, in-house concierge, transportation, daily activities, social programs and more.
