

Author and Nationally Syndicated Columnist Lisa Sugarman Dispels the “Perfect” Parent Myth

In her newest book, “How To Raise Perfectly Imperfect Kids And Be OK With It,” author and columnist Lisa Sugarman dispels the “perfect” parent myth.

HOUSTON, TX, UNITED STATES, October 3, 2019 /EINPresswire.com/ -- Modern parents face different challenges from their predecessors. In the age of social media, comparison can easily make moms and dads feel inadequate as they raise their kids. The pressure to be the “perfect” parent and to raise the “perfect” child surfaces everyday.

Children are also growing up differently. Born in a time when society tells every kid they should be the best and brightest in the room, parents of Generation Z kids often foster entitled attitudes by mowing down every obstacle in their kid's path, instead of letting them learn resiliency and be able to grow on their own.

Nationally syndicated columnist and author [Lisa Sugarman](#) dispels the “perfect” parent myth in her newest book, “How To Raise Perfectly Imperfect Kids And Be OK With It.” Sugarman uses her humanistic approach to parenting Gen Z kids and tells it like it is, with a heavy dose of reality and advice straight from the front lines. The goal is not to raise perfect kids; the goal is to raise kind, responsible adults.
