BOSTON, MA, UNITED STATES, October 2, 2019 /EINPresswire.com/ -- The U.S. Department of Labor has announced this year's theme of National Disability Employment Awareness Month (NDEAM) as "The Right Talent, Right Now." The theme emphasizes the role that people with disabilities play in America's economic success, especially in an era when historically low unemployment and global competition are creating a high demand for skilled talent.

“

We take the pressure off of the employer and employee through our reimbursement services.”

John Bertram, Director of Operations at LandAjob

LandAjob helps employees navigate the world of working with a disability through job resources and job-expense reimbursements. To help employers as well as their employees, LandAjob has set up a program to provide the

employee with job-expense reimbursements. If a current or potential employee is disabled and qualifies for LandAjob's program, they may receive up to \$13,000 of reimbursements.

Those on SSI or SSDI who are working or just started working may qualify for the job-expense reimbursements. To determine eligibility, visit <http://laj.work/NDEAM>.

“It's a win-win for the organization and the person they are hiring. If a work computer, transportation, or even daycare is necessary; we'll take pressure off of the employer to provide the employee with job-expense reimbursements if they qualify.”
