Construction is one of the major industries expected to boost sales of advanced machinery. The introduction of advanced equipment for heavy duty works is likely to have a positive influence on the expansion of the industry in the foreseeable future. Also, the requirement for technologically advances equipment for exploration activities in the energy and power sector is anticipated to motivate the industry's revenue growth in the years to come. Increasing exploration of shale gas in North America is poised to favor the proliferation of the industry over the next couple of years.
