#### Industry News:

The growing industrialization since the 19th century has witnessed a significant change in the business pattern. The business was all along consumer-driven. It always cared about the consumer preference, however, in the last century it realized the potential of better customer service, as industries have started thriving ever since. Consumer goods are mainly products that are consumed by consumers only and not by manufacturers as raw materials for their production. The consumer goods section has diverse area under its belt. These segments are packaged goods, food production, electronics, automobiles, clothing, and beverages and other sectors.
