

Allied Health Programs® Simplifies the College Search Process

Alliedhealthprograms.com is launching a simple & sleek solution for prospective students looking for healthcare programs.

AUSTIN, TEXAS, UNITED STATES, October 10, 2019 /EINPresswire.com/ -- Allied Health Programs®, is pleased to announce their college matching solution that is launching on alliedhealthprograms.com in the coming weeks.

Students will benefit from a complete matching technology platform that educates on allied health programs and careers as well as finds the best schools for student's preferences. The solution saves students and colleges time by leveraging artificial intelligence and automated solutions to educate students on programs, qualify them for admissions, and connect with admissions offices.

Allied Health Programs® offers the following:

- Educational content and statistics on dozens of allied health professions
- Matching technology for collecting student preferences and finding colleges that meet them
- Connecting students with admissions offices

“

We are excited to launch our new program and look forward to helping educate and connect even more students interested in allied health programs.”

Keller Tiemann

The platform is designed to save both students and admissions offices times filling high demand allied health care programs.

Keller Tiemann, Co-Founder & CEO of Allied Health Programs®, had this to say:

“Since 2013 we have educated over 4 million students on a variety of allied health programs and connected thousands

with colleges to pursue their chosen field. Through this experience we have worked hard with students, colleges, and technology vendors to create a simple and effective solution for quickly matching students with allied health schools. We are excited to launch our new program and look forward to helping educate and connect even more students interested in allied health programs.”

Find the right allied health program online or nearby
