

Panel Discussion Set for Pre-Filled Syringes and Injectible Drug Devices Conference

SMI reports: A panel discussion confirmed for the Pre-Filled Syringes and Injectible Drug Devices conference to be held in London on the 15th and 16th January

LONDON, UNITED KINGDOM, October 10, 2019 /EINPresswire.com/ -- The [12th annual Pre-Filled Syringes and Injectible Drug Devices conference](#) will bring together Global Product Managers, Senior PFS Engineers, Device Testing Managers and many more to recent innovations and enhancements in the PFS field. These experts will assess key factors driving the PFS market.

This year's conference will explore the relationship between the pre-filled syringe field and the European Union. The conference will feature a panel titled "The EU MDR and Brexit - How can we prepare for the regulatory impact on devices?"

Key points of discussion include:

- The current regulatory framework in the EU and UK
- How can industry prepare for the regulatory environment post-Brexit
- How connectivity in conjunction with medical devices may be affected

Panellists:

Khaudeja Bano, Head of Medical Devices, Medical Affairs, Abbott Molecular

Amanda Matthews, Senior Director - Combination Products & Medical devices, Global regulatory Affairs, Pfizer

Torsten Knuess, Quality Assurance Manager Combination Products, Bayer

Panel Moderator:

James Mellman, Device Manger, Novartis

In addition to the panel, the conference will offer attendees a variety of networking opportunities and the chance to take part in a preconference workshop day. The workshop day
