

ForLawFirmsOnly.NET releases NEW No Risk Mass Tort Lead Generation Program

MECHANICSBURG, PA, USA, October 14, 2019 /EINPresswire.com/ -- Linda Donnelly, President and CEO of ForLawFirmsOnly.NET now has a NEW program delivering exclusive "Ready to Litigate" leads for law firms that handle [mass tort](#) or class action lawsuits, ForLawFirmsOnly.NET can connect you law firm to new clients that have signed HIPPA documents, HITECH documents and also your retainer agreement. Obtaining solid cases might be the hardest task for a firm. The ForLawFirmsOnly.NET ZERO RISK MASS TORT LEADS can make that a thing of the past.

Screened, highly qualified, mass tort clients provided to a law firm makes traditional lead generation a thing of the past. The ForLawFirmsOnly.NET division focusing only on mass tort lead generation for lawyers puts all its energy and marketing resources into getting the highest quality mass tort leads for law firms. Unlike other services focusing on 10-15 different areas of legal services, ForLawFirmsOnly.NET goes deep into generating mass tort leads.

Exclusivity: Only one law firm receives each mass tort inquiry, minimizing the risk of a competitor beating you to the punch. ForLawFirmsOnly.NET only works with one firm per mass tort type per territory.

Transparency: With real time reporting, a firm can always see what's been delivered and who has converted to a client for the firm.

Flexibility: ForLawFirmsOnly.NET limits the number of firms the company works with, cultivates very solid client relationships and provides mass tort lead generation for lawyers who are going to stay with the company for years to come. ForLawFirmsOnly.NET is very responsive and offers small intro orders for mass tort leads with no contracts. The company's business model is to provide quality mass tort leads so law firms will want to come back for more, not lock a firm into a contract that makes it impossible for it to leave.

Engagement and conversion: Prospects search for lawyers or legal information, find a web property, sponsored ad, social advert, or a TV ad and call a tracking number or complete a form to Request a Free Consultation with a local law firm. The advertising is focused on Google Maps, organic SEO (Google, Bing, Yahoo), Google Ads, Bing, and Facebook. Depending on the ideal client profile, ForLawFirmsOnly.NET may turn to other, more productive platforms. Unlike other mass tort ad agencies, the company has experience with a number of different ad platforms, so the company uses the right one for the job. ForLawFirmsOnly.NET focuses on mobile marketing, utilizing voice search, to capture some of the best and highest converting leads.

Quality Screening Process: The ForLawFirmsOnly.NET proven screening process removes the invalid leads from the capture system. All plaintiff documents MUST be signed for the lead to be sent to a firm. If the plaintiff does not sign all the documents, a firm is not sent the lead. No risk to the firm means ZERO RISK MASS TORT LEADS. Once screened to ensure quality, a member of our intake team walks a prospect through the process. The potential client will sign the firm's retainer and HIPPA documents and HITECH release where appropriate.

Time is money. Spend it with only the most qualified prospects. ForLawFirmsOnly.NET provides high quality leads in the following areas: Monsanto Roundup, Hernia Mesh Revision, 3M Earplug, Surgical Staples, IVC Filter, Talcum Powder, Invokana, Xarelto, Taxotere, Essure, Abilify,

Asbestos, Valsartan, Transvaginal Mesh, Uloric and Juul leads coming this week.
