PUNE, MAHARASHTRA, INDIA, October 14, 2019 /EINPresswire.com/ -- [Karaoke Machines Market 2019-2025](https://www.wiseguyreports.com/sample-request/3673125-global-karaoke-machines-market-professional-survey-report-2019)

New Study Reports "Karaoke Machines 2019 Global Market Opportunities, Challenges, Strategies and Forecasts 2025".

## Introduction / Market Overview:

The global market for karaoke machines is expected to grow to approximately 860 million dollars by 2025 which is a Common Annual Growth Rate (CAGR) of 3.5%. The global karaoke market in 2019 has been estimated at 720 million dollars in 2019. The steady growth of karaoke machines can be attributed to their increasing popularity. Karaoke machines are machines that allow users to sing along while a song is being played by reading the lyrics of the song as they are displayed on a screen. Karaoke machines used to be very expensive when they were launched but have become highly affordable now which is one of the main reasons for the growth of the market of these machines.

The global market for karaoke machine will experience an increase because these machines are now used in homes, bars, restaurants as well as outdoors at parties. The integration of several technologies in these machines would also be a driving force in increasing their demand. New technological innovations and improved methods of using karaoke machines will also lead to an increase in their demand.

The global karaoke machine market is also witnessing a growth because of more investments being made in their development. New and better karaoke machines are being manufactured for use. Many manufacturers are also coming up with machines that are smaller in size and portable. The portability of these machines is also leading to an increase in their demand.

Important Key Players Analysis: Daiichikosho, Acesonic, Pioneer, TJ Media, Singing Machine, Ion Audio, Electrohome, Sakar, Krisvision, RSQ Audio, VocoPro, HDKaraoke, Memorex and more.

## Market Segmentation

The market for Karaoke machines is segmented into fixed and portable machines by type. The portable machines are used in homes and outdoors as these are compact. Fixed machines are big in size. However, the sales of both types of machines will contribute to the growth of the market for karaoke machines.

Karaoke machines on the basis of their application will see an increase in restaurants, bars and outdoor parties. Event organisers and bar owners will buy more of these machines leading to an increase in their market share.

There are many companies that manufacture such machines like Daiichikosho, Acesonic, Pioneer, TJ Media, Singing Machine, Ion Audio etc. The industry leaders in these machines are Daiichikosho, Pioneer and Singing Machine. Daiichikosho is the leader in Japan Karaoke Market. This company leads the global karaoke machine market with a share of almost 13% which is expected to grow in the coming years. Pioneer and Singing Machine are the other two leading karaoke machine manufacturers and sellers with a market share of 7.19% and 7.40% respectively.

## Regional Overview

The global karaoke machines market is expected to grow the most in North America and China in the coming years. This is because these countries are working on integrating the karaoke machines with other smart home technologies. Other countries that will contribute to an increasing share of the karaoke machine market include Germany, France, Russia, UK, Brazil, Argentina, Saudi Arabia, UAE and South Africa. South-East Asia will also see an increase in the karaoke market.

## Industry News

The number of karaoke machines sold in 2019 was reported to be 3642K which is an annual growth of 3% from 2014. The global karaoke machine market is expected to grow at this rate in the coming five years. The main reason for the increased share of karaoke machine market is the fact that these fun entertainment machines have become affordable and easy to carry. In addition, the technological innovations in the use of these machines are making them even more user-friendly.
