### Market Overview

Wine and its taste completely depend on the way it is being stored and preserved. A lot of ways can be used to increase the shelf life so that, it can develop a good taste with time. A lot of wine coolers, as well as refrigerators, are available, that helps in chilling the wine but for preserving and storing the wine for long requires good quality wine storage cabinets. A lot of different ways are there to store the wine in good condition so that it tastes better later on.

Wine storage cabinets help to give the correct orientation for keeping the cork wet, supports better temperature as well as humidity management, identifying bottles become easier, minimizes the effect of direct light on. A good quality wine cabinet helps in storing the wine bottles in good condition. Also, investing in a wine cabinet helps in the proper aging of the wines since every cabinet has its characteristics as well as benefits.

A lot of things are necessary to consider before getting a wine storage cabinets such as the number of bottles to be stored, increasing wine collection, space available in the house, these factors are necessary to consider before getting a wine storage cabinets as per the style, and look of the house. The wine market has now come up with different wine cabinets, which are very useful, and helps in efficient storing of the wines.

### Market segmentation

According to the needs, a lot of wine storage cabinets are available in the market, and among them, some of the common types are single temperature wine cabinet, multi-temperature wine cabinet, 2/3 temperature wine cabinet. The single temperature wine storage cabinets are the right choice for the wine enthusiasts since these can maintain a consistent temperature, that supports storing the wines for a longer period. This type of cabinet is the right choice for restaurants, bars as well as a house. The multi-temperature wine storage cabinets are those, which have the benefit of offering different temperature zones as per the requirement. These are perfect for storing bigger wine bottles and are best for storing it for a longer period and are useful since it provides enough room for storage. Similarly, the 2/3 temperature wine storage cabinets are right for storing the bottles that are a bit large since they can provide 2/3 various temperatures for the wine. The 2/3 wine cabinets are just the right for white wines, red wines, and champagnes.

The wine cabinets are used in different parts of the country since wine is one of the common drinks, that people consume almost throughout the world due to its taste and class. It tastes different from other hard drinks, that are available in the market. It is popular in regions and western countries like Europe, North America, and South America, and is also popular in the

regions of the Middle East & Africa as well as the Asia-Pacific region.

A detailed survey has been made on the wine storage cabinets for 2019-2025 to know about the leading companies, that are involved with the manufacturing of the wine storage cabinets, a SWOT analysis was also, done on the market. The survey showed the potential future growth of the market as well as the necessary inputs.
