LG's October Rebate is already quite substantial. There are several individual qualifying appliances that will earn \$50.00 rebate each for up to \$350.00 in savings. If you purchase a qualifying washer/dryer set with two pedestals, you'll earn an additional \$250.00. You can accumulate even more money back by bundling additional appliances. If you purchase six appliances total, you can get up to \$400.00 in supplementary rebates. That means you can collect up to \$1,000.00 in savings with LG's October Rebate alone. This can be combined with their Buy More Save More Kitchen Bundle Offer*. If five of the appliances you bought through the October Rebate program (except for a countertop microwave without trim kit) are built-in models, you can save an additional \$500.00 for a total rebate of \$1,500.00.

Bosch has their own iteration of an October Rebate. You may purchase individual qualifying appliances and receive up to a \$200.00 mail-in rebate. You can find extra savings by buying multiple appliances. If you buy four qualifying appliances, you'll get an additional \$200.00 off. If you buy five qualifying appliances, you'll get an additional \$300.00 off. If you buy six qualifying appliances, you'll get an additional \$400.00 off for a total savings of \$600.00. Bosch is attempting to boost brand awareness of their upmarket Bosch Benchmark line. Thus, they are offering another savings scheme that can be combined with the Bosch October Rebate. If three or more of the appliances you purchase are eligible Bosch Benchmark models, Bosch will send you a Visa prepaid gift card in the amount of 15% of the full purchase price**.
