

# Barge Transportation Market 2019 - Global Market Size, Share, Key Vendors, Opportunities, Challenges & Forecast to 2025

*WiseGuyReports.com Presents "Global Barge Transportation Market Size, Status and Forecast 2019-2025" New Document to its Studies Database*

PUNE, MAHARASTRA, INDIA, October 18, 2019 /EINPresswire.com/ -- The report suggests that the industry is expected to have a compound annual growth rate (CAGR) of 8.9% during the forecast period.

In 2018, the market share of the industry was 160000 USD, a report suggests.

[Barge Transportation](#) is anticipated to have a market share of 316500 USD by 2025.

The barge is commonly used in exports and imports. A barge is a flat-bottomed based container generally used for the transportation of heavy materials through waterways. The carrying capacity of a barge is normally more than 1,500 tonnes, which is significantly more than that of a truck or railcars. The heavy carrying capacity makes it an efficient way to transport goods to a long distance.

The cost is another factor for the rapid adaptation of Barge Transportation. In general, the cost of transportation in a barge is lower than other types of transportation such as rail, road, and air. As a result, more than 70% of the cargos are transported through barge. The safety factor is higher in a barge in comparison to other modes of transportation.

Key players:

ACBL  
Ingram Marine  
Kirby  
SEACOR  
AgriChem Marine Transportation  
Alter Logistics  
Argosy Transportation  
ATS International Services  
Barge America  
Blessey Marine Services  
Bouchard Transportation
