

Tarps Now® Rapid Growth in Demand for Tarp Coverings by EPC Construction Contractors

Tarps Now Meeting Increasing Demand for Tarp Covering Products by EPC Contractors

ST. JOSEPH, MICHIGAN, UNITED STATES, October 21, 2019

/EINPresswire.com/ -- Tarps Now® announced significant increases in order flows by Engineering, Procurement and Construction ("EPC") contractors throughout the North America as a result of meeting and exceeding orders for both standard sized tarps and [custom tarps](#) required in the EPC construction marketplace.

National EPC contractors have turned to Tarps Now® because of the quality, price and value offered by the firm, as well as the expedited ordering system offered on the Company's website. EPC construction firms are actively engaged in completing turn-key projects requiring accurate cost quotes, so rapid order processing and order deliveries of [tarp and covering](#) products is critical to meet milestone events during the construction process.

In addition to facility based construction project, Tarps Now® provides a wide range of [Heavy Duty Tarps](#) and Covers engineered to meet the needs of tarps used to develop, construct and maintain a wide range of facilities serving heavy industry. Examples of industries served includes electric and gas utilities, oil and gas pipelines, retail shopping centers, multi-family community projects, and healthcare industry facility projects.

The company also provides support services to assist EPC contractors in selecting correct tarps products and coverings to meet specific application needs, as well as on-site delivery estimates as needed. Major product lines serving the EPC Construction industry are as follows:
