“Traffic ticket revenue is a big source of income for California and really just a way to unfairly tax California drivers. For the last 15 years, we have been able to save drivers from being unfairly burdened by traffic ticket fines and an unfair governmental tax.”

Steven F. Miller, Ticketbust.com Founder & CEO

The Ticketbust.com system utilizes trial by written declaration, a legal process that allows drivers present evidence and legal arguments as a defense against their traffic ticket without having to appear in court. Ticketbust.com has developed an automated system that generates a complete defense package for fighting traffic tickets in California. Simply upload a picture of your traffic ticket and driver's licenses and fill out our online

questionnaire, then just mail the defense package to the corresponding court.
