However, the growth of the industry has been affected by several factors. The rapidly evolving smartphone industry with its range of powerful cameras has been changing the growth prospects of the industry. Moreover, the high prices of digital cameras and its accessories have limited the growth opportunities of the digital still camera (DSC). On the other hand, smartphone cameras cannot be used for professional activities; this, in turn, has helped the industry proliferate. The emerging drone technology also poses a great threat to the industry.

Major key Players

- * Sony
- * Panasonic
- * Canon
- * Nikon
- * Olympus
- * Pentax
