“

We are very proud to be working with such a significantly historic and magnificently preserved icon in America. We strongly suggest that the Mansion be a must stop any time you are in Florida”

Barry Henthorn

The Stetson Mansion www.stetsonmansion.com is first luxury home and the grandest home ever built in Florida during the 19th century! Built in 1886 by famed hat maker and philanthropist John B. Stetson. His winter retreat was the only richly detailed "Gilded Age" estate built in Florida. Listed as one of the top 5 things to do in Florida by Trip advisor, it has been restored and updated in a timeless fashion and is now available to be toured and utilized for events to a limited number of the public.

The Breathtaking Christmas Spectacular at the mansion is among the most special and surreal experiences in the nation. You can step back 130 years and still be home for

dinner. Tours operate three times daily through January 15th. Space is limited and advanced reservations are required.

Barry Henthorn CEO stated: "Utilizing ReTime Media's industry shifting ability to get mainstream media available to its clients, many more people will become aware of and be able to experience The Stetson Mansion than if they been restrained by the capabilities of traditional media agencies. We are very proud to be working with such a significantly historic and magnificently preserved icon in America. We strongly suggest that the Mansion be a must stop this Christmas season or any time you are in Florida."

About The Stetson Mansion: Listed in the National Register of Historic Places and designed by the noted architect George T. A blend of cottage, Gothic, Tudor, Moorish, and Polynesian details were incorporated into the building of the Stetson Mansion which presents an excellent example of the high style Victorian architecture.
